POSIZIONE RICOPERTA

Sono un Direttore IT di 39 anni con oltre 10 anni di esperienza nel settore della consulenza di processo e IT. Ho diretto diversi progetti e servizi utilizzando tecnologie innovative per diverse aziende multinazionali con particolare focus sul settore logistico. Ho maturato una forte esperienza nel rimodellamento dei processi aziendali coniugandoli con le principali tecnologie e piattaforme presenti sul mercato. Gestisco team con oltre 30 persone e mi occupo sia del ciclo di vendita dei servizi sia nella gestione dei clienti e dei progetti.

**ESPERIENZA
PROFESSIONALE**

02/2020 – ad oggi

Director
Deloitte

Attività o settore Consulenza di processo e IT
Principali Clienti: **Barilla, Campari, Ferretti**

Landscape: SAP AM & Development on WM,PP, QM & MM SAP modules.

- AM Management

- AM support over logistic area
- New process implementation over MM area (purchasing and inventory management)
- New global template for logistics and cross docking procedures

Ferrero – SAP project A – SCM EWM Specialist

Landscape: project A rollout on Canada and USA plants

- Application Design & Blueprint
- Model adaption towards customer specific requirement
- New Warehouse processes and customizing added to the original template
- RF transaction Technical analysis, customizing and development
- Custom interfaces towards production from raw materials warehouse
- Custom interfaces from production towards finished goods warehouse
- Custom interface with automatic conveyor for internal and external (3PL) goods movements

SAMO – SAP rollout project – Project manager

Landscape: rollout of glass manufacturing and distribution plant

- Application Design & Blueprint
- Model adaption towards customer specific requirement
- New Warehouse processes and customizing added to the original template
- New intercompany and intracompany flows
- New shipping process
- Radio frequency infrastructure integration
- RF transaction Technical analysis, customizing and development

BARILLA – Camera Gate Project SAP WM– Project Manager

Landscape: Automatic Material flow system in warehouse

- Process, functional and technical analysis
- Model adaption towards customer specific requirement
- New Warehouse processes and resources added to the original template
- Radio frequency and Camera Gate infrastructure integration

PIAGGIO & C. – New Logistic Model – Project Manager

Landscape: New warehouse implementation for raw materials and semi finished goods on Vietnam

- Application Design & Blueprint
- Model adaption towards customer specific requirement
- New Warehouse processes and customizing added to the original template
- Radio frequency infrastructure integration
- RF transaction Technical analysis, customizing and development
- Production planning and replenishment

BARILLA – WMS Assessment – Logistic Consultant

Landscape: Logistic analysis and WMS software selection for WASA and HARRY'S companies

- Process analysis over Germany and France warehouses templates
- Model adaption towards customer specific requirement
- New Warehouse processes and resources added to the original template
- WMS software comparison between SAP WM, SAP SCM EWM and Reply Click

INDA – SAP WM/LE-TRA Project Manager

Landscape: New warehouse implementation

- Application Design & Blueprint
- Model adaption towards customer specific requirement
- New Warehouse processes and customizing added to the original template
- Radio frequency infrastructure integration
- RF transaction Technical analysis, customizing and development
- Transportation implementation
- Handling Unit management (both delivery and shipment unit)
- Idoc interfaces

SAMO – SAP MM/MM senior Consultant

Landscape: Warehouse functionalities extension

- Application Design & Blueprint
- Model adaption towards customer specific requirement
- New Warehouse processes and customizing added to the original template
- Radio frequency infrastructure integration
- RF transaction Technical analysis, customizing and development
- Cross Docking
- Custom put away and picking strategy

Tesa SE – SAP MM-WM Consultant

Landscape: Rollout for Comet plant

- Application Design & Blueprint
- Model adaption towards customer specific requirement
- New Warehouse processes and customizing added to the original template
- Radio frequency infrastructure integration
- RF transaction Technical analysis, customizing and development
- Specific purchasing procedures analysis and vendor rating customizing and interfaces.

11/2008 – 01/2021

Consulente IT

CDN Consulting

Attività o settore Consulenza di processo e IT

Principali Clienti: **Artoni Logistica, Artoni Trasporti, Sidel**

Artoni Trasporti – Consultant & Team Leader

SAP ECC 6, EWM 7, TM 8 – EWM interfaces

Landscape: new Sap template for 62 warehouses

- Application Design & Blueprint
- New warehouse customizing and rollout
- Putaway & picking strategies
